

ECLIPSE 5[®]

Portable Oxygen Concentrator

Oxygen with no limits

The Eclipse 5[®] is two devices in one, for both portable and at-home use. FAA-approved for commercial air travel and equipped with 24/7 capabilities, combine to make this device perfect for everywhere you go.

And now, thanks to the optional telehealth solution—CAIREview™ powered by SynsorMed*—your provider can periodically monitor this device's location and performance, and troubleshoot alerts—all from the convenience of their desktop computer or smart device.

STAY ACTIVE AND GO ANYWHERE

Travel by car, plane, boat, or train. A long battery life and AC/DC power options allow you to be more active and keep you doing the things you love.*

PEACE OF MIND

Patented autoSAT[®] technology delivers the oxygen you need with every breath.** Also, the Eclipse 5[®] comes equipped with wireless technology which can connect you to CAIREview™—a telehealth solution that your provider can use to help ensure you get the support you need.

BUILT FOR COMFORT AND EASE OF USE

Transporting the Eclipse 5[®] is easy and will not get in the way of your living an active lifestyle! An easy-to-attach traveling cart with a telescoping handle can adjust to your comfort level and durable wheels allow you to go anywhere,

*CAIREview™ is not intended for active, real-time patient monitoring.

**Be sure to ask your doctor or therapist how to tailor your Eclipse 5[®] to your individual breathing needs.
